Dear Citizens:

Over the Christmas holiday, Expedition Texas featured Corsicana in a special edition. The show focuses on Historic destinations in Texas and they chose Corsicana for their Christmas special. The show featured several businesses which had historic and holiday relevance such as Sweet Tangerine, Changing of the Garden, Vintage Farmhouse, Victorian Sample Florist, and Across the Street Diner. What Christmas story about Corsicana would be complete without a look at the amazing work done inside the plant of the Collin Street Bakery? Also featured were the innovative chocolate displays in businesses from Russell Stover Chocolates. The episode captures the magical moment of the tree lighting by Mayor Don Denbow and the friendly locals who created a festive vibe Downtown. The effort was part of the Main Street Project and featured the incredible work of the Corsicana Parks and Recreation Department and Public Works Department.
