Dear Citizens:

The City of Corsicana recently made the decision to remove a display in Community Park. The reason for the decision was two-fold: recognizing that the display was offensive to some of our citizens and a concern regarding the safety of the exhibits. It is the City's goal to depict all the animals in Community Park in a free environment that is safe for children. Other animals will be added to the display including a free-standing gorilla and a tiger. As budget permits, additional recreational options will be added.

Sincerely,

Don Denbow  
Mayor
