

September 24, 2019

Dear Citizens:

As part of National Preparedness Month, another tool that is available to citizens is the emergency alerts sent from Navarro County and the City of Corsicana. If you haven't registered to receive these emergency alert messages, do not delay – do it today. If they can't reach you, they can't alert you. Text the word "Navarro" to 888777 or use one of these two websites: www.navarrocountyoem.org or www.cityofcorsicana.com/317/fire. Or call these numbers: 903-875-3315 or 903-654-4958. These alerts are free.

Just a few weeks ago a lost two-year old girl was found by a neighbor who received the alert and went out to walk his pasture. She was located in less than ten minutes. You might be the neighbor that needs some kind of help, or be that neighbor that took action.

Sincerely,

Don Denbow
Mayor
