

It is with sadness I share with you that Lee McCleary, the Economic Development Director of seven years, will be leaving the City of Corsicana and Navarro County to work for the City of Red Oak. Lee has indicated the move is strictly based on the desire to be closer to his children and most importantly his grandchildren in the Metroplex area. It has been a pleasure to work with him. I have been very impressed with his work ethic and dedication. Lee makes numerous contacts regularly with many companies in an attempt to promote Corsicana. He has identified opportunities and pursued them with enthusiasm. His presentations to prospective businesses are professional and well delivered. His talents will be hard to replace. The search is underway for a replacement with similar skills, training, and qualifications.

Chuck McClanahan  
Mayor
